

# Simmons Bayou Extension Dredging

Ocean Springs  
Mississippi Tidelands Grant

The proposed project consists of dredging approximately 2,275 linear feet of Simmons Bayou and the interior portion of the Gulf Parks Estates Marina up to the County's Public Boat Launch. The project's goal is to establish a suitable navigable channel that provides sufficient water depths to insure the public's continued use for recreational opportunities and safe boating.

**Estimated Grant Funds:     \$115,000**

**Expected Completion:        October 2016**
