

Maritime Training Facility Projects

Pascagoula
Community Development Block Grants

Phase I of this Economic Development grant funded the construction of a Maritime Training Academy which provides training for the shipbuilding and metal trades industries. An additional grant is providing funds to construct a second facility adjacent to the Academy that will accommodate group instruction for up to 380 individuals and also may be utilized as an emergency operations center during a catastrophic event.

Grant Periods:

June 2009 – December 2015

CDBG \$18,387,152

August 2013 – August 2016

CDBG \$1,277,380
