Mr. Earl Etheridge
Jackson County Fire Coordinator
600 Convent Avenue
Pascagoula, Mississippi 39567

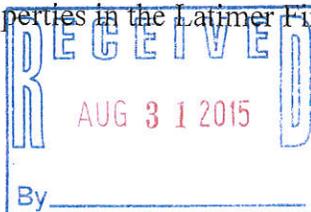

Dear Mr. Etheridge:

PUBLIC FIRE PROTECTION FACILITIES
LATIMER FIRE GRADING DISTRICT
JACKSON COUNTY, MISSISSIPPI

Reference is made to the recent survey and grading of the Latimer Fire Grading District's fire prevention and fire protection facilities. The purpose of this survey was to gather information needed to determine a fire insurance classification which may be used to develop fire insurance rates. This survey was not conducted for property loss prevention or life safety purposes and no life safety or property loss prevention recommendations will be made. We are pleased to advise that the fire defenses of the Latimer Fire Grading District have advanced, and an improved fire insurance classification of Seventh Class has been confirmed effective August 19, 2015.

As you may know, the public fire protection insurance classification number is used as only one of several elements in developing some individual property fire insurance rates. Individual property fire rates are also dependent upon specific construction, occupancy, private protection and exposure from adjacent buildings.

We are pleased to attach a bulletin that is being distributed which outlines the procedure to be followed in changing fire insurance rates on properties in the Latimer Fire Grading District based on the new classification.

Mr. Earl Etheridge
Jackson County Fire Coordinator

TO ALL INTERESTED AGENTS:

CHANGE IN PUBLIC FIRE PROTECTION
CLASSIFICATION
LATIMER FIRE GRADING DISTRICT
JACKSON COUNTY, MISSISSIPPI

We are pleased to advise that effective August 19, 2015, the Latimer Fire Grading District, Jackson County, Mississippi changed from EIGHTH CLASS to SEVENTH CLASS.

This public protection classification applies to eligible properties (properties having a needed fire flow of 3,500 gallons per minute or less) located within the legal boundaries of this District, within five (5) road miles of the responding fire department serving the District and within 1,000 feet of standard public fire hydrant unless hydrant distance has been waived due to Alternate Water Supply. Properties subject to the hydrant requirement, but not within 1,000 feet of a standard public hydrant will receive the appropriate split (X) classification. Refer to instructions on Public Fire Protection Classification List.

The fire department for this District DOES PROVIDE PRIMARY RESPONSE to residential fires outside its legal boundaries.

Please note that this District has an alternate water supply, therefore, the standard fire hydrant distance is waived.

To assist you in determining the properties included in the Latimer Fire Grading District, we are enclosing a map showing the boundaries of the area.

When issuing daily reports and endorsements, you must show location of the property covered to be in the Latimer Fire Grading District, Jackson County, Mississippi.

Any insurance contracts covering dwellings located in this District may be endorsed from August 19, 2015, on a pro rata basis to take advantage of the current fire premiums indicated in our Mississippi Dwelling Manual.

Comprehensive Dwelling Policies and Homeowners policies also may be endorsed on a pro rata basis to take advantage of applicable rates or premiums.

(OVER)

TO ALL INTERESTED AGENTS:

- 2 -

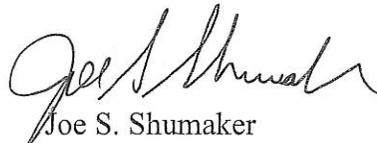

August 20, 2015

It will be necessary that we survey or resurvey and publish or republish loss costs for specifically rated mercantile and special class risks affected by this change in classification. If you have a specific mercantile or special risk that you feel is affected by this classification change, please advise our Rating Department so we will be able to schedule a survey by our district representative.

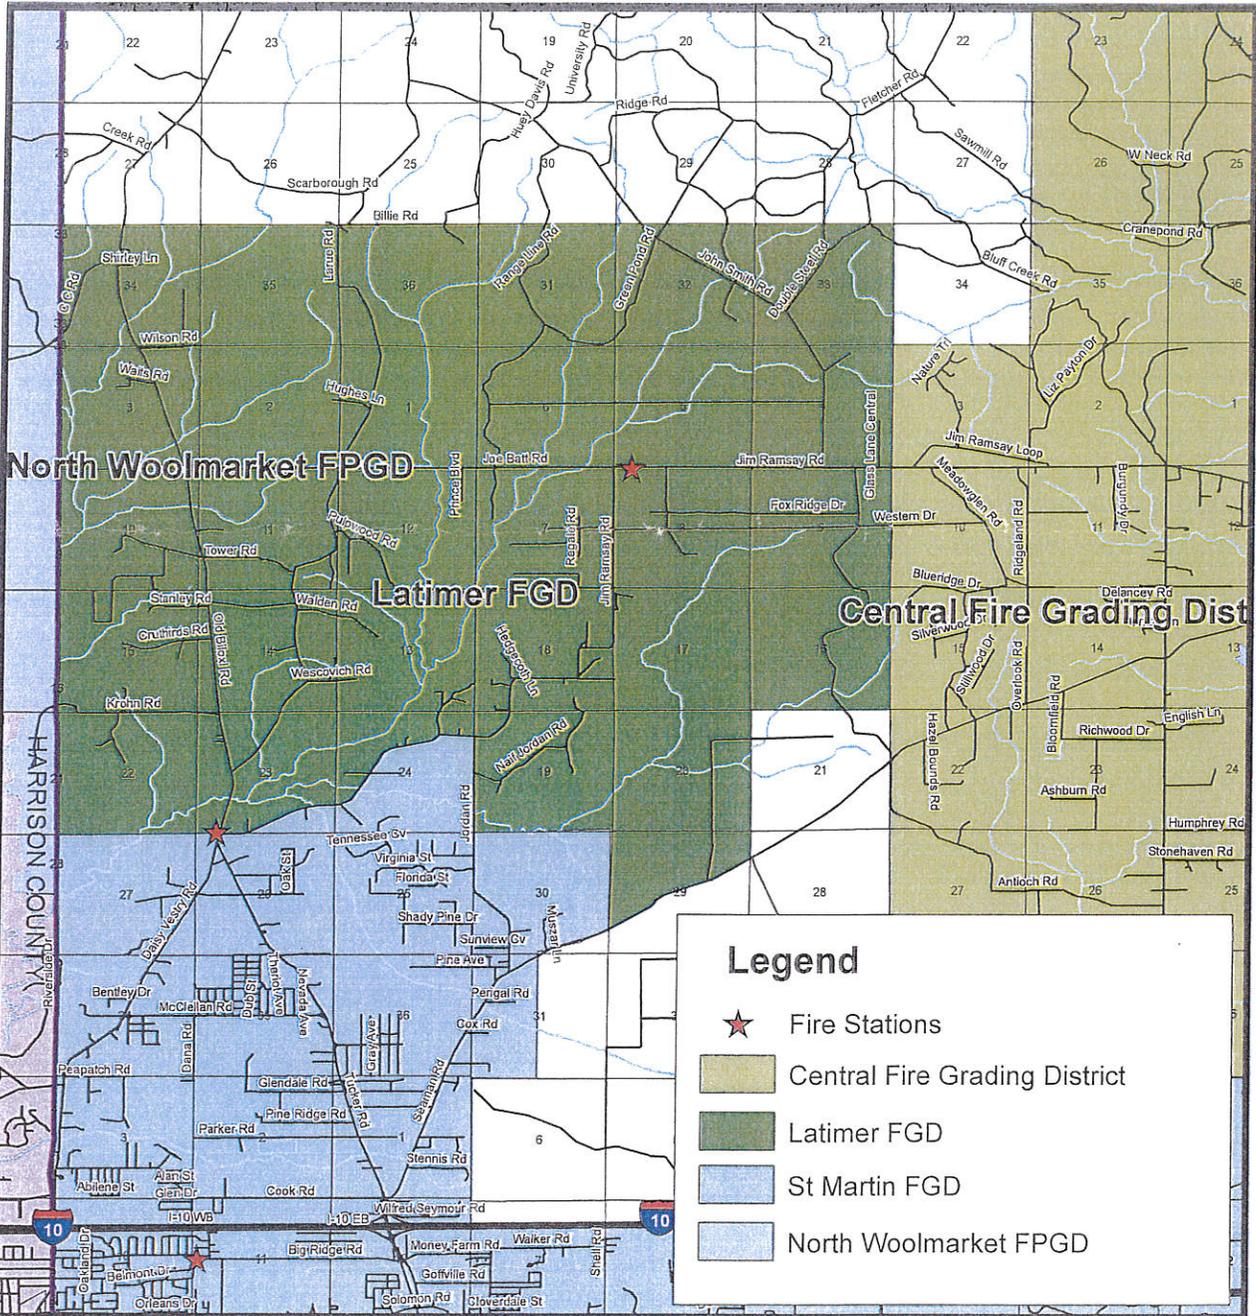

A computer printout will be mailed to those who submit a specific request. The effective date of the loss costs will be made retroactive to August 19, 2015.

Following publication of information for class rated properties and rates for specifically rated properties, policies which cover these properties, and which have inception on or after August 19, 2015, may be endorsed from inception to the new rates, while policies having inception prior to August 19, 2015, may be endorsed from August 19, 2015, to expiration on a pro rata basis. In calculating the net rates and premiums for these endorsements, the inception date of the policy or the last endorsed anniversary date determines the rate adjustment, if any, applicable.

Yours very truly,

Joe S. Shumaker
Manager
