

# VT Halter Marine Projects

## Community Development Block Grants

The first Economic Development grant aided in the construction of a new 42,675 square foot building that allows VT Halter to increase production and build specialized vessels. A second grant is providing funding for the demolition and reconfiguration of a bulkhead, as well as, the construction of a blast and paint facility.

### Grant Period:

**January 1, 2009 – September 2012**

**CDBG           \$5,000,000**

**Other           \$3,000,000**

**September 2012 – September 2016**

**CDBG           \$22,000,000**
