

Vanceleave-Central Community Shelter

5500 Ball Park Road, Vanceleave, MS

This project was funded through the Mississippi Emergency Management Agency (M.E.M.A.) and administered by Jackson County Grant Department following Hurricane Katrina. This grant was used to construct a new building meeting FEMA 361 performance standards. The new shelter can accommodate 250 occupants during a thirty-six hour operational period and withstand hurricane force winds of up to 200 mph.
